

MOSQUEE COLLECTION

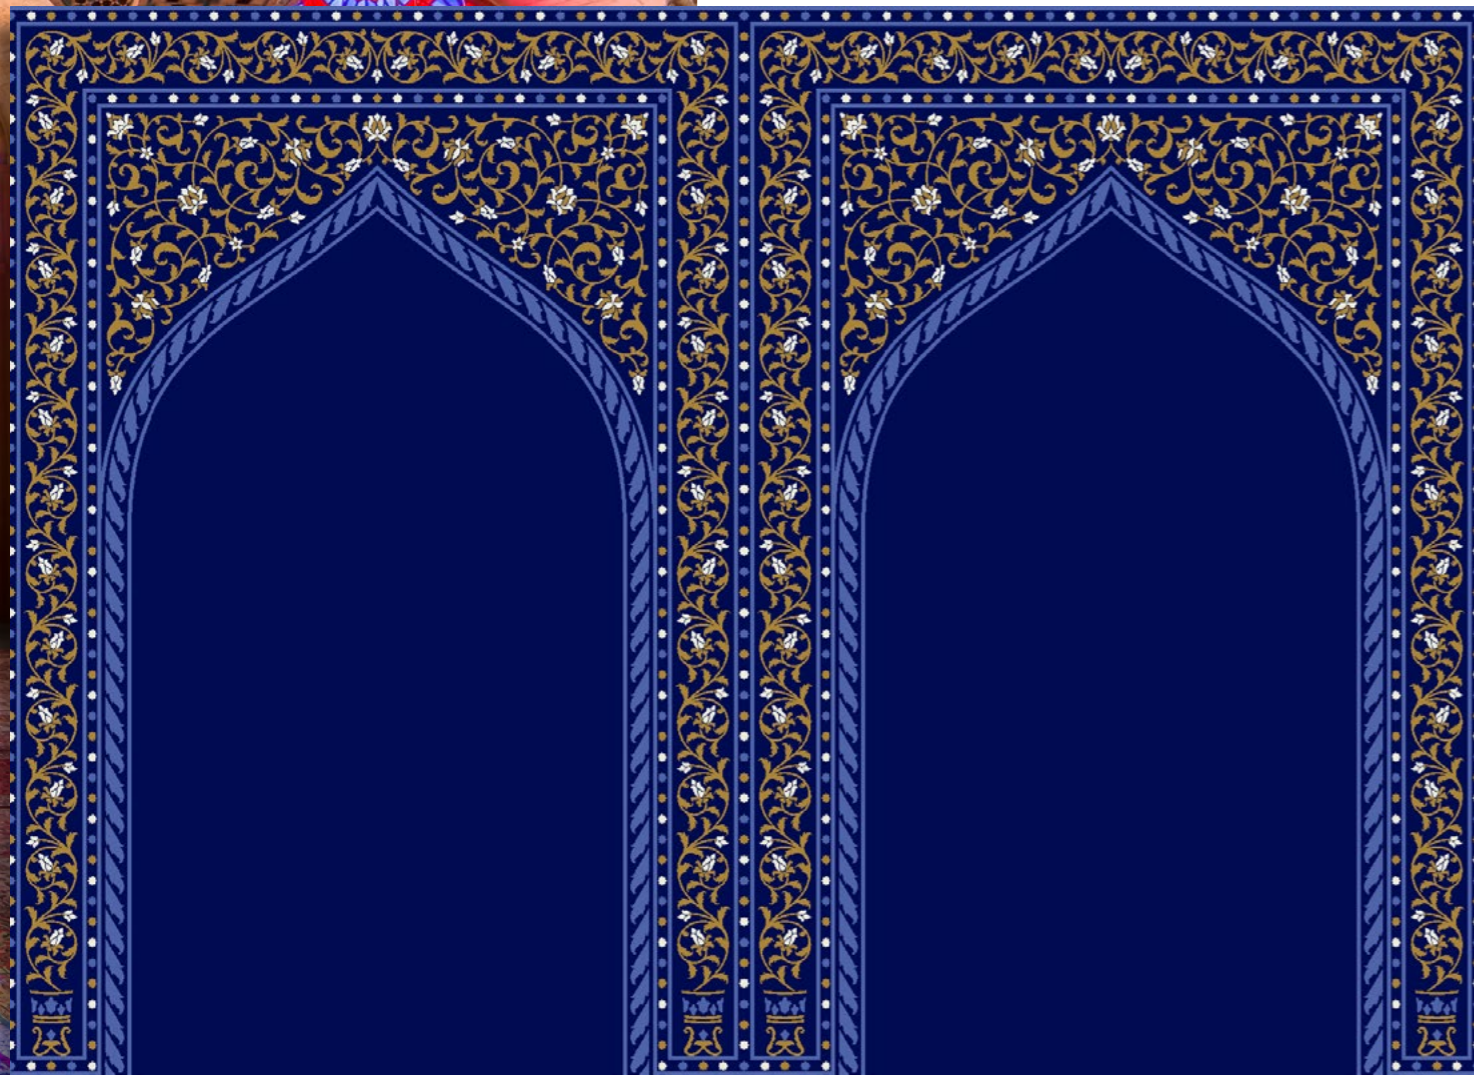

In an increasingly globalized world, Radici remains true to its philosophy and its vocation.

Right from the start, its watchword has been quality, which is an essential part of Italian products, an essential part of Val Seriana, the valley where we are at home, an area that has historical ties to the world of textiles.

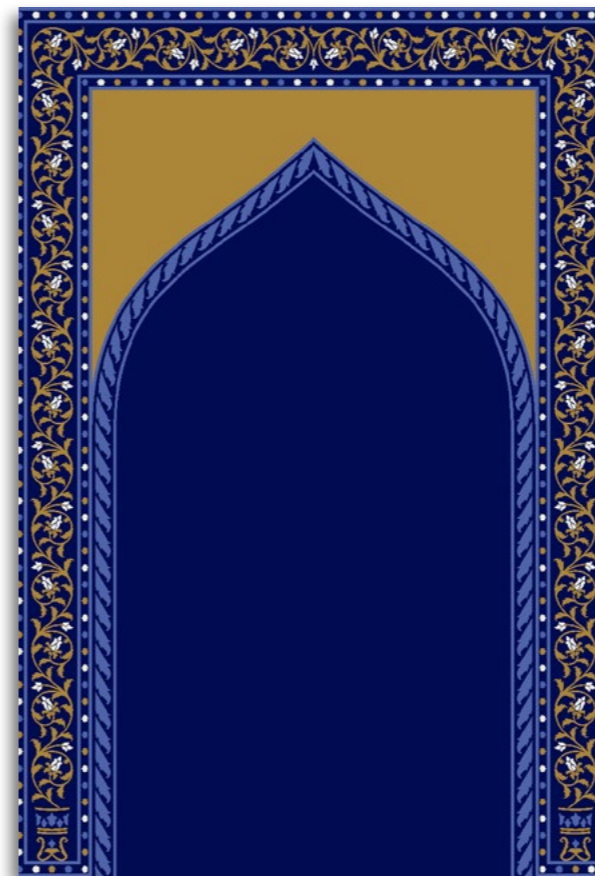

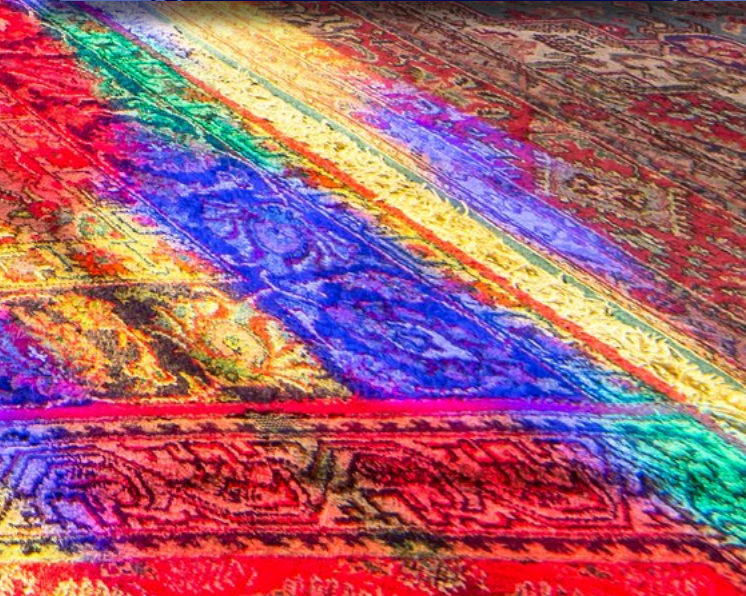

At Radici, tradition marries innovation to put state-of-the-art textile technology at the service of creativity.

Our modern ChromoJET printing plant can make any pattern, without limits to colour, on natural or synthetic fibre.
